RE: THANK YOU FOR YOUR GENEROUS DONATION & PARTNERSHIP SUPPORT

Dear Netflix Team,

On behalf of **We Are One Empowerment Initiative (WAOEI™)**, we extend our deepest gratitude for your generous donation and continued support. Your contribution is more than a gift—it is an investment in communities, creativity, and the future of individuals and families across The Gambia.

Through your support, we are able to further our mission of empowering youth, women, and families through vocational training, entrepreneurship, and community development programs. The resources donated will directly support our **Sewing & Design Academy**, educational initiatives, and outreach programs that create sustainable pathways for growth, independence, and self-reliance.

We also extend our appreciation to our logistics partner, **Sunu Logistics Banjul**, for their role in ensuring the safe and efficient delivery of the donated items to our programs.

This partnership reflects a shared commitment to positive impact, and we are honored to recognize **Netflix** as a valued supporter of our mission. Your generosity will be acknowledged in our outreach communications, social media, and upcoming reports, highlighting the difference your support makes in building stronger, empowered communities.

We look forward to continued collaboration and the expansion of this initiative for lasting impact.

Thank you for believing in our vision and walking with us in unity.

With appreciation and respect,

Dr. Lord Ajmer
