AI SOCIAL MEDIA CAMPAIGN ENGINE
OMNI Hardened System Manual

EXECUTIVE SUMMARY

This document defines a hardened, deployable AI-driven system for generating and executing multi-platform social media campaigns.

Objective: eliminate manual planning, compress campaign creation time, and produce consistent authority-driven output.

SYSTEM OVERVIEW

The AI Social Media Campaign Engine transforms a single campaign objective into a full execution-ready content ecosystem.

Designed for founders, agencies, and licensed operators.

CORE ARCHITECTURE

INPUT → ANALYSIS → GENERATION → DEPLOYMENT → FEEDBACK

Each stage is modular and independently verifiable.
